September 24, 2002

Sir:

Further to the Amendment filed August 5, 2002, the following supplemental amendment and remarks are respectfully submitted in connection with the above-identified application.

IN THE CLAIMS:

Please amend claim 23 as follows:

19 ~~23~~. (amended) A display unit for displaying an image based upon an image signal inputted from an externally connected computer, comprising:

memory means for storing an identification number for making said computer recognize that said display unit is communicatable with said computer; and

a communication controller means for sending said identification number stored in said memory means to said computer in response to power on of at least one said display unit and said computer,
